CLARIFICATION REGARDING NON-AVAILABILITY OF GENDER INFORMATION FOR CERTAIN BENEFICIAL OWNERS

Date : 09.09.2026

To
The Registrar of Companies
Ministry of Corporate Affairs

Subject: Clarification regarding gender-wise classification of shareholders in Form MGT-7 for the financial year ended 31 March 2026

Global Education Limited ("the Company") submits this clarification in connection with the filing of Form MGT-7 for the financial year ended **31 March 2026**.

Based on the shareholder records provided and confirmed by the Company's Registrar and Share Transfer Agent, **Bigshare Services Private Limited ("RTA")**, the total number of shareholder records is **17,996**.

The gender-wise and holder-type classification available from the underlying records is as follows:

- Individual – Female: **3,705**
- Individual – Male: **10,322**
- Individual – Transgender: **Nil**
- Other than individuals: **267**
- Individual shareholders for whom gender information is unavailable: **3,702**

Total shareholder records: 17,996

The RTA has confirmed that the aforesaid **3,702 holders are individual beneficial owners**. Out of these, **3,701 are NSDL beneficial owners in respect of whom gender information was not available in the NSDL beneficial-owner data received by the RTA, and one CDSL beneficial owner is also reflected without gender information in the data available with the RTA.**

The Company has not presumed or determined the gender of any such shareholder merely on the basis of name, initials, salutation or any other non-authoritative information.

The Company further confirms that, based on the underlying records, the **actual number of shareholders falling under the category "Other than individuals" is 267.**

The gender-wise shareholder table in Form MGT-7 does not presently provide a separate category for individual shareholders whose gender information is unavailable, while the portal validation requires the aggregate of the available categories to agree with the total number of shareholders. Your existing draft correctly identifies this portal limitation.

Accordingly, for the limited purpose of satisfying the technical validation of the MCA webform, the figure of 3,969 appearing in the field “Other than individuals” comprises 267 actual non-individual shareholders and 3,702 individual shareholders for whom gender information is unavailable.

The inclusion of the aforesaid 3,702 individual shareholders in the said portal field is solely a technical aggregation necessitated by the validation structure of the MCA webform and does not alter their substantive classification as individual shareholders.

This clarification is being attached to Form MGT-7 together with the confirmation issued by the Registrar and Share Transfer Agent so that the factual position, the non-availability of gender information and the manner of technical reporting in the MCA webform are fully disclosed.

The Company confirms that no gender has been presumed merely for the purpose of completion of the annual return and that the substantive classification of the shareholders continues to be based on the records available with the Company and the RTA.

We hereby confirm that the beneficial-owner data received from National Securities Depository Limited did not contain gender information for the concerned beneficial owners.

Out of the 3,702 individual shareholders for whom gender information is not available, 3,701 are NSDL beneficial owners and one is a CDSL beneficial owner.

We further confirm that:

1. The aforesaid 3,702 holders are individual shareholders based on the holder-status character appearing in their PAN and the available depository records.
2. The aforesaid 3,702 holders are substantively classified as individual shareholders and do not form part of the actual count of 267 “Other than individual” shareholders. However, for the limited purpose of satisfying the technical validation of the MCA webform, these 3,702 holders have been included in the portal field “Other than individuals”, as explained below.

3. Their gender has not been presumed or determined on the basis of their names, initials, salutations or any other non-authoritative information.
4. The category "Other than individuals", comprising companies, HUFs, firms/LLPs, trusts and other non-individual holders, consists of 267 shareholder records.
5. Gender information for male and female individual shareholders has been stated only to the extent available in the records received from the depositories.
6. No beneficial owner has been reported as transgender in the data available with us.
7. In respect of the 3,701 NSDL beneficial owners referred to above, the absence of gender information is attributable to the relevant gender information not being available in the NSDL beneficial-owner data received by us. One CDSL beneficial owner is also reflected without gender information in the data available with us.

We understand that, for the limited purpose of satisfying the technical validation of the MCA webform, the Company is required to report a figure of 3,969 in the field "Other than individuals". The said figure comprises 267 actual non-individual shareholders and 3,702 individual shareholders for whom gender information is unavailable. Such technical reporting does not alter the substantive classification of the said 3,702 holders as individual shareholders.

This confirmation is issued at the request of Global Education Limited for its records and for submission as supporting documentation in connection with the filing of Form MGT-7 with the Ministry of Corporate Affairs.
